MARVIN MANDEL
GOVERNOR

VLADIMIR A. WAHBE
SECRETARY OF STATE PLANNING

In accordance with Article 88C of the Maryland Annotated Code, and the Federal Office of Management and Budget Circular A-98, Governor Mandel designated the Department of State Planning as the central information agency to receive notices of Federal Grants-in Aid made to the State of Maryland and its political subdivisions. This report lists those grants awarded in Maryland from July 1, 1971, to June 30, 1972. The source of data is that reported to the State Clearinghouse by the Federal agencies on Standard Form 240.

This report contains a Summary Statement; Part I listing the recipients of the grant - State agencies, local governments and miscellaneous; and Part II listing Federal agencies in alphabetical order and the total amount of grants. A code explanation is contained on the last page.

This is the Second Annual Report of Federal Grants-in-Aid awarded in Maryland published by the Department of State Planning. During Fiscal Year 1972, Federal agencies required to report on grants awarded under procedures established by Circular A-98 have adhered more effectively to those procedures, and the accuracy of this report is believed to be greater than for the prior year. Nevertheless, some errors and omissions still occur in the notices submitted to the State Clearinghouse by the many Federal agencies. In addition, certain programs such as surplus property, or surplus agricultural commodities, and the Food Stamp program are not reported. Therefore the total amount of Federal grants listed in the report is less than that actually awarded. We continue to work to enhance the quality of this report, and we would appreciate your informing us of errors or omissions pertaining to your agency or subdivision so that improvements may be made.

We sincerely hope that this and our monthly reports are of value to you.

Sincerely,

Vladimir Wahbe
